

## iOS 7 Office 365 Instructions

The first thing you will need to do is **DELETE the old RC email account. Follow the instructions below:**

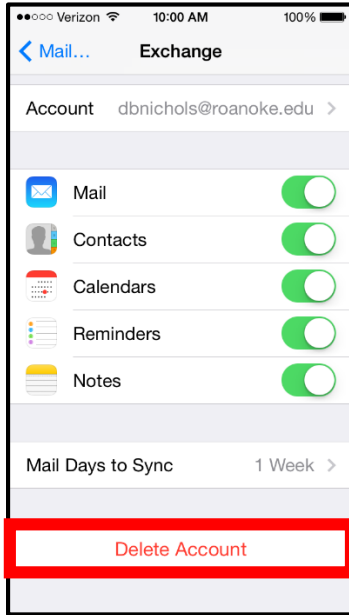

- Go to “Settings”

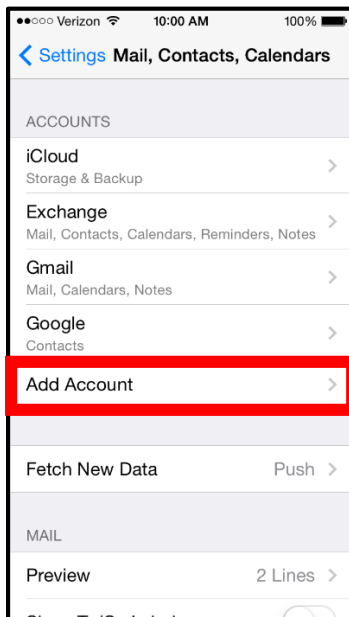

- Scroll down and select “Mail, Contacts, Calendars” and then select “Exchange”

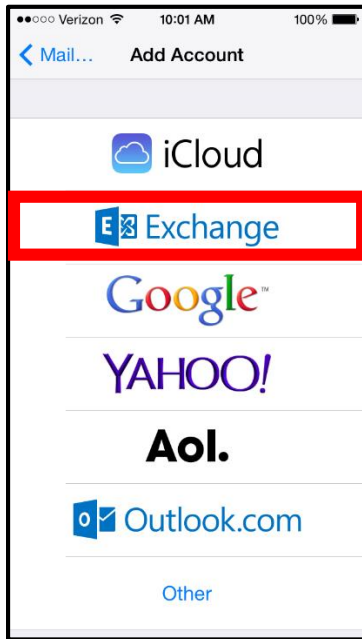

- Select “Delete Account”

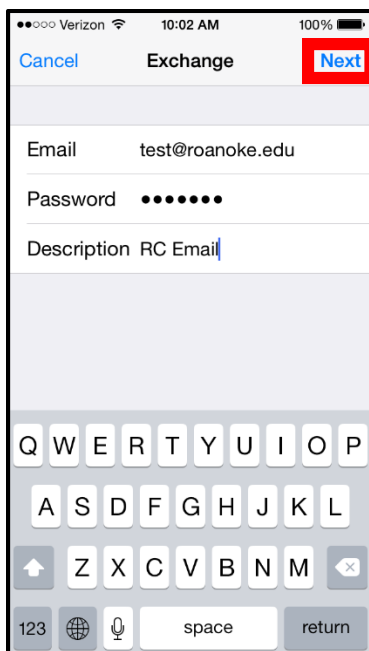

- Select “Add Account”

- Select “Exchange”

- Enter your Credentials and select “Next”

- Select “Save”
- Your account has now been added to your Apple device.
